Mindset Check-In

English Home Language

You've been asked to teach a new subject.
What are your first thoughts?

Thinking about this subject, what are you excited about?

Think: who you're teaching, who you're teaching with, specific content. Anything.

What, if anything, are you anxious about?

Is there something you could do?

Thinking about this upcoming year...

What positively framed goals do you have for yourself?

Teaching Methodology
